ENJOY GREAT-TASTING PURIFIED WATER THROUGHOUT YOUR HOME

Harness the power of electricity.
Go salt-free and sustainable.

Voltea's DiEntry system removes unwanted salt and hardness minerals using electricity, similar to the cutting-edge technology of the latest electric vehicles, leaving homeowners with healthy, great-tasting, natural water.

Why DiEntry?

WHOLE-HOME WATER PURIFICATION:

Enjoy great-tasting water from every faucet for bathing, showering, cooking, laundry and more.

SAFE AND PURE:

Never worry again about contaminants, bad tastes or smells in your water.

ENVIRONMENTALLY SUSTAINABLE:

Know you're doing your part, with no salt contamination and minimal waste water.

EASY TO USE:

Relax knowing there is minimal maintenance and smart monitoring.

MONEY-SAVING:

Never buy salt bags and enjoy the longer life of your appliances due to reduced build-up of scale from untreated water.

GREAT TASTE AND FEEL:

DiEntry customers love the bottled water taste and feel!

**Protect your home,
family, and
environment today
with DiEntry.**
